

Medical Laboratory Technology (MLT) Licensure Disclosure

Upon earning an [Associate of Applied Science in Medical Laboratory Technology](#), graduates are eligible for the national examination for MLT by the [American Society for Clinical Pathology](#) (ASCP). After passing the national certification exam, graduates may apply for licensure in Montana.

To enroll in this program, the student must be accepted. Click [here](#) to view the admission guidelines and application packet. Additionally, the student must:

- Be located in a state/territory for which FVCC’s MLT program meets the educational requirements for licensure. Or,
- Sign an attestation acknowledging that they are in a state/territory where FVCC’s MLT program does not meet the educational requirements for licensure but will be seeking licensure and employment in a specified state/territory for which FVCC’s program meets the educational requirements for licensure.

This disclosure indicates the states and territories that FVCC has determined through a reasonable, good-faith effort that the MLT program **meets, does not meet,** or has **not determined** if the program meets the educational requirements for licensure. Other requirements besides what is listed below include but are not limited to, application and licensing fees, criminal background checks, fingerprint submissions, etc. Continuing education may also be required for the maintenance of licensure/certification.

“N/A” means the state/territory does not offer or issue a license.

This disclosure was last updated on June 25, 2024. However, this disclosure may not reflect recent changes or requirements because professional licensure and certification requirements are subject to change. Students are strongly encouraged to contact the state licensing board directly to verify education and licensing requirements in their state/territory.
