Introduction

The Drug-Free Schools and Communities Act (DFSCA) requires that colleges and universities examine and document the scope and effectiveness of the institution's alcohol and other drugs programs and policies every two years. The 2024 Biennial Review of Alcohol and Other Drugs Programs & Policies (2024 Biennial Review) reviews the 2022-2023 and 2023-2024 academic years. It includes summaries of FVCC's alcohol and drug policies, state and federal alcohol and drug laws and penalties, FVCC alcohol and drug abuse prevention and education programs for students and employees, alcohol and drug resources for students and employees, health effects of alcohol and other drugs, data on campus alcohol and drug violations, and recommendations for the next review period.

The review of FVCC's alcohol and other drug-related policies and programs was conducted in spring 2024. The objectives of the review as identified by the Department of Education include:

- Determining the effectiveness of the alcohol and drug prevention programs and identifying any improvements that need to be implemented.
- Ensuring that the disciplinary sanctions for violating standards of conduct are consistently enforced.
- Determining the number of drug and alcohol-related violations that occurred on campus or as a part of the college's activities that are reported to college officials.
- Determining the number and type of sanctions that are imposed by the institution as a result of such violations or fatalities.

The following information was examined for the 2024 Biennial Review:

FVCC Policies Regarding the Use and Misuse of Alcohol and Drugs

Drug-Free Workplace Policy – [Board Policy, Chapter I, Section 70](#)

In compliance with the Drug-Free Workplace Act of 1988, Flathead Valley Community College is committed to providing a drug-free workplace. The unlawful manufacture, distribution, sale, possession or use of a controlled substance in the workplace or while conducting college business is prohibited. Conducting college business while under the influence of a controlled substance is likewise prohibited.

Employees using prescription or non-prescription drugs which may impair their work performance must notify their immediate supervisor of this use and of any possible effects.

Employees must, as a condition of employment, comply with this policy and notify their immediate supervisor of any criminal drug statute conviction or nolo contendere plea for a violation occurring in the workplace no later than five (5) days after such conviction. The supervisor shall notify the Human Resources Office immediately upon notice from the employee. The Human Resources Office shall notify the federal granting agency, when appropriate, of the conviction within ten (10) days of learning of the conviction.

Violations of this policy will result in disciplinary action up to and including termination and may have legal consequences. At the discretion of the employer, an employee violating this policy may be required to satisfactorily complete a drug abuse assistance or rehabilitation program as a condition of employment.

Drug dependency is a major health problem and interferes with workplace productivity, safety, and security. Employees are encouraged to seek assistance in dealing with drug problems. Conscientious efforts to seek help for drug dependency will not jeopardize an employee's job status

Alcohol-Free Workplace Policy – [Board Policy, Chapter I, Section 80](#)

Flathead Valley Community College is committed to providing an alcohol-free workplace and learning environment. The possession, use or distribution of any alcoholic beverage by employees or students in the workplace and/or while conducting college business is prohibited. Public and college events which occur on campus outside of regular working hours and at which alcohol may be sold and/or distributed require approval by the College President. Alcohol impairment is a major health problem that interferes with workplace productivity, safety and security. The College shall reasonably assist any employee who voluntarily seeks help in dealing with alcohol dependency.

In accordance with (Board Policy, Chapter VI, Section 20) any violation of this policy may result in disciplinary action up to and including discharge and may subject an employee to criminal penalties. At the discretion of the College, an employee violating this policy may be required to satisfactorily complete an alcohol abuse assistance or rehabilitation program as a condition of continued employment.

Exceptions to this policy may be made by the College President.

Smoking and Tobacco Free Policy – [Board Policy, Chapter I, Section 85](#)

The College is committed to complying with the Montana Clean Indoor Air Act, and further supports a healthy, comfortable, and productive work environment for all students, employees, and visitors to the campus. Therefore, FVCC prohibits any form of smoking including the use of electronic cigarettes (e-cigarettes) or any form of tobacco usage in all of its campus facilities and properties as well as at all points of entrance and exit from its facilities, including all walkways and parking lots.

Failure to comply will result in disciplinary action as stipulated by College Policy for student infractions and the appropriate disciplinary process as set forth in collective bargaining agreements or Board of Trustees policy for faculty and staff.

Code of Student Conduct and Student Complaints – [Board Policy, Chapter VII, Section 60](#)

The following excerpt from the Code of Student Conduct outlines FVCC's expectations for students regarding alcohol and other drugs:

- II. Community: College students build and enhance their community. Behavior that violates this value includes, but is not limited to:
 - I. Tobacco: Use or possession of any form of tobacco or nicotine delivery device that has not been approved by the FDA for cessation on college property or at college-sponsored events as addressed in Board Policy Chapter I Section 85.

- V. Responsibility: College students are given and accept a high level of responsibility to self, to others and to the community. Behavior that violates this value includes, but is not limited to:
 - 1. Alcohol: Use, possession, or distribution of alcoholic beverages or paraphernalia except as expressly permitted by law and Board Policy Chapter I Section 60.
 - 2. Drugs – Illegal Use: Use, possession, manufacture, distribution or sale of narcotics or dangerous drugs as defined by city, state, or federal laws. This includes mind-altering drugs, designer drugs or synthetic substances used as a substitute for a controlled substance, except as expressly permitted by law or College policy. This also includes the abuse, distribution, or improper use of prescription drugs.
 - 3. Drugs Distribution: Manufacture, distribution or sale of narcotics or dangerous drugs, except as expressly permitted by law or College policy.
 - 4. Prescription Medications: Abuse, misuse, sale, or distribution of prescription or over-the-counter medications.

Alcohol Policy

FVCC is committed to providing an alcohol-free environment. The possession, use, or distribution of any alcoholic beverage is prohibited of any person on campus. Collecting or displaying alcohol bottles/cans is also prohibited in student housing. Alcohol violations carry with them the prospect of a Minor in Possession (MIP) and other criminal charges, and more severe consequences are dependent on the behavior displayed at the time of documentation.

Drugs Policy

FVCC is committed to providing a drug-free environment. Use, possession or distribution of illegal drugs and other controlled substances or drug paraphernalia is prohibited. Although Montana state law permits the use of marijuana, federal laws prohibit marijuana use, possession, and/or cultivation at educational institutions and on the premises of other recipients of federal funds. Therefore, the use, possession, or cultivation of marijuana is not allowed in FVCC housing or on any other FVCC property, nor is it allowed at any college sponsored event or activity off campus.

Prescription Medications

Abuse, misuse, sale, or distribution of prescription or over-the-counter medications is prohibited.

Drug Paraphernalia

Possession of drug-related paraphernalia, i.e., any items used to facilitate drug use (e.g., bong, roach clip, hookah/water pipe, hash-style pipe, scales, and vaporizers) is prohibited.

Tobacco Products

Residence Life supports FVCC's tobacco-free campus policy and does not permit the use of tobacco products in the residence hall. The entire building is designated "No Smoking" in all areas including student rooms. Smoking of any kind (hookahs, e-cigarettes, and vape/vapor/vaporizer pens) and the use of tobacco products (e.g., chew, snuff, etc.) are not allowed anywhere, including study rooms, restrooms, laundry facilities, hallways, stairways, lobbies, elevator, lounges, and individual apartments.

FVCC Alcohol and Drug Abuse Prevention Programs

FVCC has adopted and implemented a program to prevent the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees on the college’s premises and as a part of its activities to comply with the Drug-Free Schools and Campuses Regulations.

FVCC utilizes evidence-based strategies designed to limit alcohol and drug abuse in its community and activities. These include AlcoholEdu for College: Primary (AlcoholEdu) for degree-seeking students, [CampusWell](#) for students and employees, and peer education events sponsored by the Student Wellness Team as noted below.

- AlcoholEdu – All new degree-seeking students aged 21 or younger are required to complete AlcoholEdu within their first semester at FVCC. AlcoholEdu is a science-based online program designed to provide students with facts and skill-based information on the consequences of alcohol abuse, including sexual assault and alcohol’s impact on the brain, body, and behavior. Whether students choose to drink or not, AlcoholEdu is designed to encourage informed decision-making about alcohol use as well as provide skills to respond to drinking and risk behaviors of friends and peers. AlcoholEdu is FVCC’s primary prevention program for alcohol education.
- CampusWell – To provide students with year-round support and education on health-related topics, FVCC partnered with [CampusWell](#) to offer students and employees access to weekly newsletters (in the campus bathroom stalls) and a mobile app with content updated weekly.

[CampusWell](#) covers an assortment of college health, wellness, and safety issues including alcohol and other drugs, fitness and nutrition, stress, sleep, mental health, nutrition, sexual health, consent, colds, flu, and more. Alcohol and substance abuse education and prevention topics covered in the 2022-2023 and 2023-2024 academic years include:

- How to quit vaping.
 - How to recognize a Fentanyl overdose.
 - Heading to a live event? Five safety things to know.
 - What causes a hangover?
 - Four steps for cutting back on social smoking and vaping.
 - What to say to a male friend who is sexually assaulted.
 - Which medications should not be mixed with alcohol?
 - Quit vaping for good using the “Three Rs” technique.
- Student Wellness Team – The Student Engagement Coordinator, Recreation and Wellness Coordinator, and Student Wellness Team collaborate with the Student Health Clinic and other entities to provide additional educational awareness opportunities throughout the year. Additionally, the Coordinator of Residence Life and resident assistants facilitate intentional, ongoing educational awareness activities such as informative bulletin boards and hosting safe, alternative events for residents to participate in throughout the academic year.

Examples of the FVCC’s efforts to provide ongoing alcohol and substance abuse prevention, education, and awareness presentations and activities during the 2022-2023 and 2023-2024 academic years include the following:

Recommendations for the Future

Since the Biennial Review Committee noted a considerable decrease in alcohol policy violation referrals in student housing after opportunities to socialize and participate in college-sponsored events and activities returned to pre-pandemic levels, the committee recommends that the residence life staff continue, as they have been doing, to plan and facilitate a variety of educational bulletin boards and alternative activities throughout the year to promote intelligent, healthy choices. Additionally, the committee recommends that FVCC continue to utilize CampusWell and partner with the Student Wellness Team to provide ongoing alcohol

and substance abuse prevention, education, and awareness programming for on-campus and commuter students.

The committee also encourages the college to continue offering NARCAN training to interested individuals and explore ways to increase access to NARCAN on campus.

Lastly, after a thorough review and discussion of college policies, campus violations, current programming, and concerns shared by students, the Biennial Review Committee encourages the college to provide more support for students in recovery, letting them know that they are not alone through intentional programming and visual support.
